Please take a few moments and share with us your child's typical daily routine (especially consistent behavior problems, as well as personal care and mealtime procedures) and include any special instructions, techniques of motivating and rewarding your child, hobbies, likes/dislikes, etc. Everything that you provide will help us better care for your child.(example: My child will only settle down at night if I rock her. She will smile each morning if I hum a song to her.) Also include any goals you would like the applicant to achieve during their stay at camp.(examples: improve personal care skills, make new friends, learn to float in pool, etc.) Enclose extra pages if necessary.

CAMPER CODE OF CONDUCT

(Please review with your child)

It is our hope that everyone that participates in our program will have a positive experience that will last a lifetime. To help everyone get the most out of their camp experience, we have set up a list of ground rules to help parents and children understand what we expect at camp. We recognize the special needs of our campers and will, as much as possible, individualize the rules according to the needs and abilities of each camper.

Camp has four basic rules that we explain to the children and also post in the cabins. We have these rules so that everyone can be assured of a positive experience.

- **Respect yourself, others and property.** Abusiveness toward others or using inappropriate language, fighting, stealing, etc. is not allowed. It also covers property damage, graffiti or vandalism. Respect yourself, refers to keeping your things picked up, personal hygiene and taking your medication on time.
- **Participate in camp activities.** It is camp's responsibility to know where all the campers are at all times. We encourage campers to try all activities unless excused by staff. Campers are supervised at all times and cannot be left alone.
- **Follow directions.** There are a lot of fun things to do at camp but every activity has rules so we can operate the activity safely and appropriately. We ask the campers to follow staff direction during these activities.
- **No put-downs.** Examples of this would include teasing, name-calling, racial slurs or inappropriate practical jokes.

If we do have a problem with inappropriate behavior, we have a camper behavior response policy. The counselor will start by giving the child a warning, and then a time-out with an explanation and discussion on what is causing the problem. If the counselor needs help, a supervisor or coordinator on site will work with the child to help avoid further problems. We will also call home to find out if the parents have any suggestions on ways to deter the inappropriate behavior. As a last resort, we may need to send a child home. Sometimes in the case of severe homesickness or if misbehavior could cause immediate harm to themselves or others, we reserve the right to immediately ask that the child be removed from camp.

It is our hope that each child will go home with great memories of camp. These rules are designed to protect the camper's experience so that one unruly child won't ruin the experience for the rest. If you have any questions or comments, please feel free to call. It is our mission to provide a quality experience for everyone.

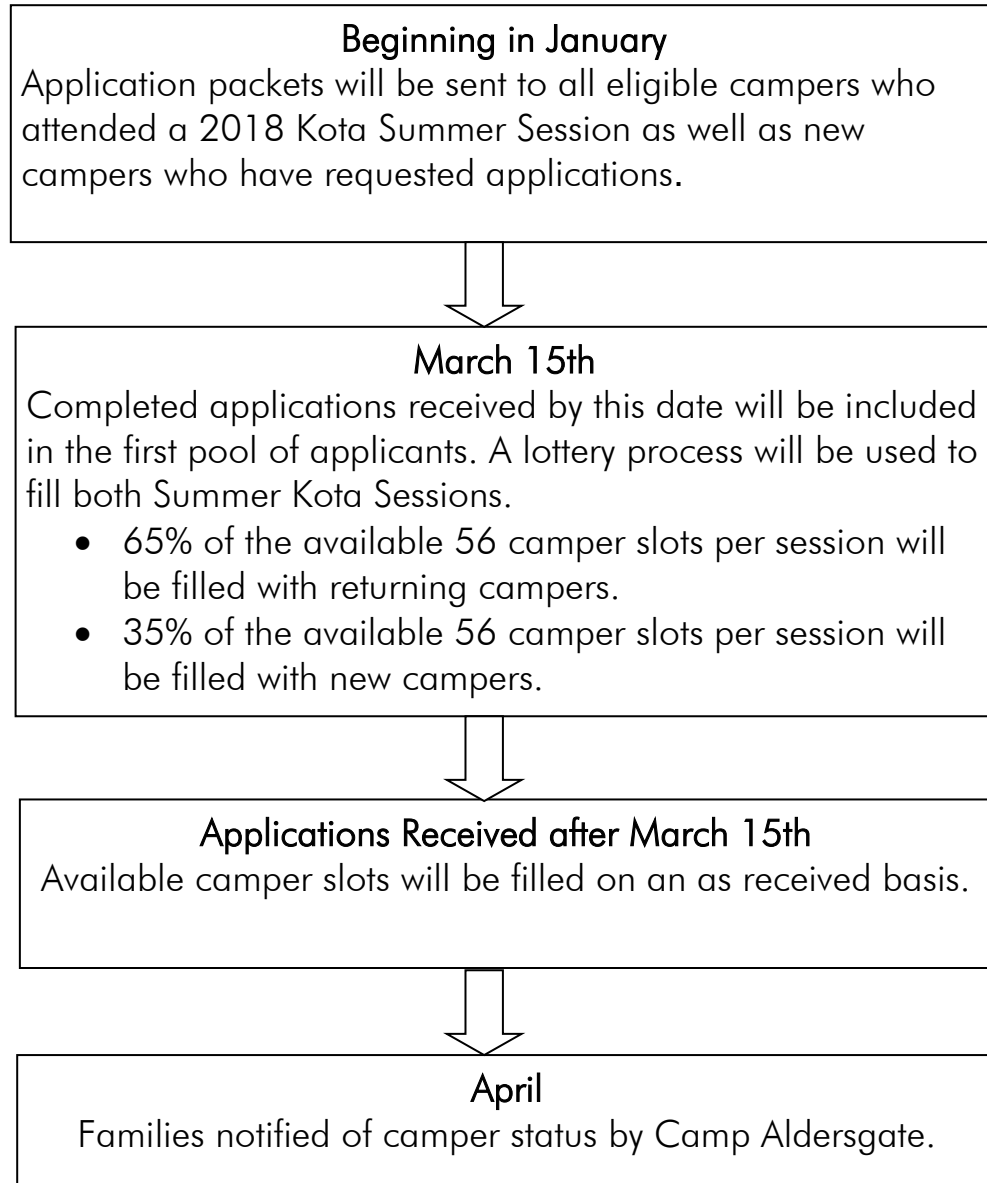

I understand and accept that my child must abide by the Camper Code of Conduct
